## DETAILED ACTION

### *Response to Amendment*

1. The reply filed on 5/5/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): election by original presentation. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

### *Election/Restrictions*

2. Newly submitted claims 58-74 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the claims are directed to different subject matter beyond the scope of the original claims. For example, the claims do not recite redundant transmitters and receivers, selective switching of an input signal from one fiber to another fiber, coupling a receiver output to a transmitter input of a transmitter via a selector, fault recovery, and hub nodes.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 58-74 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
